The Most Holy Trinity

Sunday Reflection: 'God loved the world so much that he gave his only son'.

Isaac Newton was a great mathematician and scientist. The story goes that he worked out the law of gravity when an apple fell on his head. Towards the end of his life, he said of his achievements: "I do not know how I appear to the world. To myself I appear to have been like a little boy playing on the seashore and amusing myself, in now and then finding a smoother pebble or a prettier shell than ordinary, whilst the great ocean of truth lay undiscovered before me". Albert Einstein, another famous scientist whose theory of relativity is equally well known, stated "surely there must be a God". Even when we think we understand the mystery of God we are still only beginning. We are still only children playing on the shore. But Jesus has lifted the veil on the mystery, and so we know that our games have a meaning and our lives have a goal. We have a Father who cares about us; We have a Brother who died for us; and we have a Spirit, a Comforter, who will guide us to the shores of eternity.

Mary's Meals Ireland Church Gate Collection on Saturday May 25th and Sunday May 26th. Your support will be greatly appreciated. They feed more than 2.4 million children each school day in 18 of the world's poorest countries. €22 will feed a child in their place of education for a whole school year with at least 93% of all donations going directly to their charitable activities.
